Funded Research Grants, Awards, and Contracts

Mar. 2019 Project Title: "*Stereo Microscope for Archaeological Research*"
 Funding Agency: San Diego State University College of Arts and Letters
 Research Committee (CAL micro-grant)
 Funding Amount: \$475.00

Description: A stereo microscope that will enable students and student researchers to understand and study both the environmental and cultural modifications of artifacts at a microscopic scale. These modifications, which cannot be seen at a macroscopic level, are the key to deciphering the cultural affiliation of many artifacts. They also allow students to understand complex environmental processes that artifacts go through when deposited in the soil.
